

How to join CIGRE

Join CIGRE and connect with the power system community

[JOIN CIGRE NOW!](#)

CIGRE membership is open to all individuals, companies and organisations. Membership types include individual memberships, company and education institution memberships referred to as collective memberships. Depending on your country and National Committee rules the exact format of Collective memberships can vary. To follow is a summary of the six membership types.

Individual member I

Individuals involved in the Industry.

Individual member II

Individuals involved in the Industry, under 35 (discounted rate).

Individual member – student

Free membership is offered for full time tertiary students.

Collective member Ia > 500 employees

Public or private companies, including power system transmission and distribution utilities, scientific and technical organisations, research Institutes and administrative bodies.

Collective member Ib < 500 employees

Public or private companies, including power system transmission and distribution utilities, scientific and technical organisations, research Institutes and administrative bodies.

Collective member II

Universities and other educational bodies.

Costs and membership duration

Membership is on a calendar year basis and costs vary by country. Follow the join button above to find your countries pricing or to enquire further. Some NCs offer the first 6 months of membership free if you join part way through a year (after 1 July).

Members enjoy access to many resources and benefits, including:

- > Free access to CIGRE publications via e-cigre
- > Collective Ia up to 50 accounts
- > Collective Ib up to 10 accounts

- For all other enquiries regarding membership please contact: membership@cigre.org**
