CIGRE EPEE 2012

“Power System Engineering Education for the Network of the Future”

Location: Palais des Congrès
Room: 352 AB
Time: Tuesday the 28th, 2012, 14.30 till 18.00

Motto: Let’s inspire the next generation for Electric Power System

Aim: How to adapt to the rapid changes in technology, what level of specialization will be necessary?

Agenda:

14.30 14.40 Opening (Nikos Hatziargyriou, Carlo Alberto Nucci)

15.10 15.25 Xidong Liang, Tsinghua University: “Electrical Power Engineering Education in China and in Tsinghua”

15.40 16.00 Discussion of these four presentations

16.00 16.30 Coffee break

16.30 17.30 Panel session led by Carlo Alberto Nucci, focusing on the impact of smart grids on education. This panel has been inspired by the following contributors:

- **Peter Sauer**, University of Illinois at Urbana-Champaign: “Electric Power Engineering in the Future”

17.30 18.00 General Discussion
