

Hybrid 2021 Centennial Session 20 – 25 August, Paris

Delegates & visitors
Sanitary protocol

Safety measures

The delegates' health is essential for us. In this regard, to make sure that the venue meets the applicable sanitary requirements, the Palais des Congrès of Paris and CIGRE have written a sanitary protocol, based on the WHO recommendations.

A series of safety measures have thus been implemented to insure the delegates' safety, such as : mask wearing, physical distancing, floor marking, disinfection with hand sanitizer, regular cleaning, communication with displays about sanitary measures in all spaces and areas of the Palais des Congrès...

Rooms and lifts will be limited to a maximum capacity to ensure social distancing.

Please note that safety officers will enforce all sanitary measures to make sure that they are well respected throughout the whole Session.

Sanitary Protocol

SPACES/AREAS	SAFETY MEASURES	MASK WEAR	HAND SANITIZER DISTRIBUTORS	FLOOR MARKING	SPECIFIC IPE* BINS	PLEXIGLAS	DISPLAYS ABOUT SECURITY GESTURES	PHYSICAL DISTANCING	REGULAR CLEANING
